

Geography

All about India

Background Information

In this unit we will be looking at the country India, which links in to our English book Pattan's Pumpkin. We will be comparing the UK to India (human and physical features), exploring an atlas and investigating keys on a map.

In this unit the children will...

- Use an atlas to explore India.
- Compare the human features of India and the UK.
- Compare the physical features of India and the UK.
 - Explore the keys on a map.
- Use simple compass directions and directional language.

By the end of this unit....

All children can:

Explore the continent of India on a map.

Know some differences between India and the UK (physical).

Know some differences between India and the UK (human).

Know the basic compass directions.

Most children will:

Know multiple differences between India and the UK (Physical).

Know multiple differences between India and the UK (Human).

Know the basic keys used on a map.

Some children will:

Explain the differences between India and the UK (Physical).

Explain the difference between India and the UK (Human).

Know and use the basic keys used on map.

Explain why the keys are used on a map.

Use directional language to describe the position of important buildings in India.
